anniversary

2015

Introduction

We are pleased to present you with the 2015 edition of the Bburago catalog. This year's publication, available both in hard copy and electronically, is extremely significant on two fronts, and for that we are confident you will feel rewarded for your patronage and loyalty to the Bburago brand.

First, as you could probably tell from our beautiful cover art, 2015 celebrates the 40th anniversary of the Bburago company. Bburago, founded by three brothers named Besano, was started as a company called Marloys, and focused on 1:18 and 1:24 scale replicas. The company was located in Burago di Malgora in the Monza province of Italy. The B from the brothers surname was added to the city name, and the company was renamed Bburago in 1976. We are proud to be the caretakers of this brand with its long and storied heritage, and we hope you join us in the year-long celebration.

Secondly, 2015 marks an important milestone in the history of Bburago, as well as that of the May Cheong Group. This year we are extremely humbled to have been granted an exclusive license to manufacture and sell replicas of Ferrari automobiles. It has been 15 years since Ferrari replicas graced the pages of our catalogs in their purest, most authentic form, and we have major plans for the brand this year, and for years to come.

We thank you for your consideration, and we wish you a very successful year.

is a scripted reality show dedicated to the racing world and it is articulated, unless otherwise agreed by the production, in 5 episodes lasting about 45' each, and an anniversary episode called "Race All", 45' long. The format "Make it your race" tells the story of a group of young people who live in different and distant places, but find themselves united with a common objective, getting involved in their greatest passion: The Scorpion. For some the dream is to become a professional racer, for others to be a pit crew girl of the program or one of the bloggers live-commenting the TV show, and at last having a passion for design, will be able to see their graphic design to run in the racetrack.
